Re: Docket No. 15-1693

Dear Ms. Nickerson:

On August 7, 2018, Senior Hearing Examiner Mark Lawrence filed a memo, with attachments, in anticipation of the Commission's August 21, 2018 administrative meeting during which the Commission will consider the Hearing Examiner's Report and Proposed Order along with an alternative Proposed Order submitted by Commission Staff. The Hearing Examiner also attached to the memo a copy of the Retail Energy Supply Association's ("RESA's") June 4, 2018 comments on the Report. In the memo, the Hearing Examiner twice refers to RESA's June 4 comments as "exceptions" to the Report.

RESA¹ appreciates that the Hearing Examiner communicated RESA's June 4 letter to the Commission in anticipation of the August 21 administrative meeting. This correspondence is to highlight that RESA's letter explained that it was not objecting to the Report and to clarify that while some concerns were noted,² RESA accepts the Hearing Examiner's Report.

Given that no party is objecting to the Report, it is RESA's preference to conserve resources and not attend the August 21, 2018 administrative meeting. We look forward to working with Delmarva Power, DPA and Commission Staff to ensure proper implementation of POR in Delaware and to continue other efforts to improve Delaware's retail electricity market.

¹ The comments expressed in this filing represent the position of the Retail Energy Supply Association ("RESA") as an organization but may not represent the views of any particular member of the Association. Founded in 1990, RESA is a broad and diverse group of twenty retail energy suppliers dedicated to promoting efficient, sustainable and customer-oriented competitive retail energy markets. RESA members operate throughout the United States delivering value-added electricity and natural gas service at retail to residential, commercial and industrial energy customers. More information on RESA can be found at www.resausa.org.

² In its June 4 letter, RESA explained that it was not objecting to the Report but had concerns regarding whether to include late payment revenues in the purchase of receivables discount rate. See RESA Letter at 1-2 (June 4, 2018).

Finally, RESA does not object to the alternative proposed order submitted by Commission Staff on June 4, 2018.
